FORWARD

It is a pleasure to welcome you as a member to the Golden Gate High School Army Junior Reserve Officer Training Corps (JROTC) program. I would like to congratulate you on selecting the JROTC program; there is truly no better program in high school to prepare you for success as a leader, no matter what endeavor you may decide to pursue. It is a program which will enable you to combine your broadening academic knowledge with the best principles of American leadership, thereby enhancing your value as an individual, a member of our society, and a citizen of this great nation of ours.

This Standard Operating Procedure (SOP) and Cadet Handbook has been prepared to provide information to you about the JROTC Program at Golden Gate High School. It gives the history, mission, objectives, and a set of policies and procedures essential for the effective and efficient command and administration of the Corps of Cadets and enunciates the standard of conduct and appearance expected of each cadet.

A cadet is expected to comply with the provisions contained in the SOP and Cadet Handbook, weekly training schedules, orders, memorandums, etc., published by the US Army Cadet Command, cadet chain of command, or the instructor staff. Ignorance of orders or regulations is not a valid excuse for failure to obey. When in doubt as to the meaning of a direction, the cadet should question their cadet chain of command first and then the JROTC cadre.

The JROTC Program is an important factor in the total development of a young person. The program augments other regular classroom instruction with the development of each cadet depending largely upon the cooperation received from the parents and the cadet concerned.

You joined a winning team by joining and becoming a member of the Golden Gate High School Army JROTC Program. The JROTC cadre look forward to the opportunity of working with you and assisting in the development of your academic and leadership attributes. Parents and Guardians should feel free to call the SAI (Senior Army Instructor) at any time for explanations and/or instruction not covered in this SOP. Parents and Guardians are especially encouraged to call or visit the cadet's assigned instructor, as required. We can be contacted by phone at: 239-377-1626 or 5385, e-mail: fossw@collierschools.com or dejagc@collierschools.com. Our website is: <http://collierschools.com/domain/1954>

Purpose of JROTC

Army JROTC (JROTC) is a service to our nation, in that it provides Cadets the motivation and skills to improve physical fitness; remain drug free; think critically and creatively; communicate effectively; work as a team member; graduate from high school; pursue meaningful careers especially in the areas of science, technology, engineering, art, and mathematics (STEAM); and become better citizens. These Standard Operating Procedures (SOP) provide policies and procedures for the organization, administration, operation, and support of the Golden Gate High School Junior Reserve Officers Training Corps (JROTC) Program. All cadets participating in the program are expected to comply with this SOP.

Mission of JROTC

The mission of the Golden Gate High School JROTC Program is to **Motivate Young People to be Better Citizens**. Another aspect of our mission is to train leaders for tomorrow. The Army JROTC program provides a unique educational experience for students through their participation in a federally sponsored course of leadership instruction while pursuing their normal civilian education. Students should acquire an understanding of the fundamental concepts of military art and science, an introduction to associate professional knowledge, and an appreciation of requirements for national security. JROTC assists in the total development of high school students so that they can take their places as responsible citizens in our free society. Special emphasis is placed on teaching student's personal responsibility, integrity, dependability, and maturity. JROTC stands for Junior Reserve Officers Training Corps, its sole purpose is "to motivate young people to be better citizens". It was established through the National Defense Act of 1916 and is funded through a partnership between the Department of Defense and the School District. JROTC is not intended, designed, nor permitted to recruit young people for a career in the military. We provide classes on the benefits of military service and information and assistance to cadets who desire to join the military, or wish to apply for a scholarship to College JROTC or a Military Academy after High School. The Titan Battalion's mission is to educate high school students in leadership roles while making them aware of the benefits of good citizenship.

1-7. Course Overview

a. The Army JROTC program began in 1916. It is a partnership between the Army and over 1700 high schools nationwide.

b. JROTC students develop citizenship skills and patriotism; enhance self-reliance, leadership, and teamwork; develop thinking and communication skills; increase understanding of the importance of physical fitness and good health; familiarize themselves with our history and national heritage, and our military. Cadets work together with other school, county, state and federal programs to prepare them to lead successful lives after they graduate. This course allows cadets to investigate military command and staff roles while they continue to build their leadership development and decision-making skills. It includes negotiation skills and management principles. It emphasizes staff procedures and opportunities to handle various leadership situations as well as the effects of substance abuse. The research, identification, planning, and execution of a service-learning project is included. This course gives cadets the opportunity to apply basic concepts of strategies for career exploration and planning. It teaches how to create a career portfolio and plan for college or work. Financial management principles are studied and a financial plan is developed. Cadets will also learn about continuous improvement. Finally, cadets will learn and participate in platoon drill.

- c. Since we only have two JROTC Instructors at Golden Gate High School, we alternate teaching LET 2 and LET 3 every other year.

1-8. Curriculum

a. (See Current course syllabus for your particular LET level for more specific information) The Titan Golden Gate High School program offers four years of JROTC training. Training is organized into four levels, designated as Leadership Education and Training (LET) Levels 1, 2, 3, and 4. Each succeeding year introduces a Cadet to more leadership and staff opportunities.

- b. The four Leadership Educated Training (LET) Levels are broken down as follows:
- 1) LET 1 (JROTC 1) - First Year Cadets.
 - 2) LET 2 (JROTC 2) - Second-Year Cadets who have completed LET 1.
 - 3) LET 3 (JROTC 3) - Third-Year Cadets who have completed LET 1 and 2.
 - 4) LET 4 (JROTC4) - Fourth-Year Cadets who have completed LET 1, 2 and 3.

Cadets will complete all cadet portfolio requirements according to their LET Level including a JROTC Essay (BDE JROTC Essay Contest), a Financial Plan, and a Resume.

2) Service-Learning Project. All Students will participate in Service Learning classes and a Service-Learning Project. Selected cadets will be chosen to prepare and brief the Service-Learning Project during the JPA Inspection for an Extra Credit grade. Due to COVID 19, this project will be done virtually. For example: WebEx interviews of veterans online.

3) Continuous Improvement Project. LET 4 Cadets will plan and execute a Continuous Improvement Project. They will be required to brief the project during the JPA inspection for a grade. Selected LET 2 and 3 students may be required to assist with the Continuous improvement project for Extra Credit.

4) Platoon Drill and Color Guard. Selected Cadets will participate in Platoon Drill and/or Color Guard Inspection as part of the JPA Inspection. g. NO MILITARY COMBAT SKILLS ARE TAUGHT! There are no “WAR GAMES “or other activities related to military combat! CADETS DO NOT JOIN THE ARMY BY TAKING JROTC! There

is no military obligation for those who join ROTC. Cadets will be introduced to the benefits of military service or attendance in college level JROTC or Military Academics but are not required to join the military or continue in ROTC after High School. Students who do join the military and participate as Cadet's will have many advantages over their peers who did not.

h. Materials Required: All textbooks for this course are provided online. All military uniforms are issued out to cadets at no cost to the Cadet. Instructional materials will be sent home with the Cadet on a case-by-case basis if the situation dictates (occasional homework, make-up work etc.). However, the materials are to be returned to the classroom as dictated by the instructor. **Uniforms will be returned to the program at the end of the school year or when a student withdraws from JROTC. 1-11. Military Courtesy

- a. All cadets of Golden Gate High School JROTC are expected to conduct themselves in a manner that will reflect no discredit upon themselves, their parents, their school, and the cadet corps.
- b. Military courtesy is nothing more than the display of good manners and politeness in dealing with other people. The only distinction between military courtesy and civilian courtesy is the form of expression by the military, which has become our customs and traditions of the service.
 - 1) The hand salute is one of the most significant forms of military courtesy and is simply the military way of saying “hello.” It is also the custom to say, “Good morning, afternoon, or evening Sir, or Ma’am,” when exchanging salutes.
 - 2) Cadets addressing officers will use “sir” or “ma’am”, or the rank and cadet’s last name and will address all other cadets by their cadet rank and their last name. An NCO will never be addressed as “Sir” or “Ma’am.”

1-12. JROTC Co-Curricular Activities

The co-curricular activities of the JROTC program consist of the Color / Honor Guard, Drill Teams, Raider Team, JROTC Leadership and Academic Bowl (JLAB) Teams, Rifle Team, Sea Perch (STEAM), and other activities and teams as designated such as JROTC sports teams. It is the belief of JROTC that co-curricular activities exist to help students learn teamwork, a good work ethic, sportsmanship, and fair play. We believe the values learned from honest competition will help every student throughout their lives. There are no losers in a fair competition. Cadets are expected to follow the standard: “Win with humility, lose with pride.” No Cadet will ever be permitted to blatantly taunt a defeated opponent or sulk or gripe after losing a fair competition. No student will represent Golden Gate High School JROTC in any competition if they have, by their actions, brought discredit upon the US Army, the JROTC program, or Golden Gate High School.

- a. **Color / Honor Guard and Drill Teams** – are competitive, precision military drill and ceremony teams which compete in military regulated and unregulated style drill at the County and potentially at State and National drill competitions. Honor Guard also participates in numerous civic activities in Collier County throughout the academic year. Tryouts are conducted during the 1st or 2nd Quarter of each school year.
- b. **Raider Team** - is a competitive physical fitness team that focuses on physical endurance and conditioning. The Raider Team Competition normally includes the Army Physical Fitness Test, a 10KM road march with equipment, Raider Gauntlet (obstacle course), Land Navigation, and One Rope Bridge Competition.
- c. **JROTC Leadership and Academic Bowl (JLAB) Teams** - The JROTC Leadership & Academic Bowl is an all-service national competition in academics and JROTC leadership knowledge that may result in the top teams attending the Level III JLAB Championship in Washington, DC.
- d. **Rifle Team** - The Rifle Team is a Golden Gate High School in which cadets can letter in. The team utilizes highly precise air pellet rifles and competes in competitions with other high schools throughout the region. Cadets perform precision shooting from the standing, kneeling, and prone (lying down) position.
- e. **Sea Perch Team (STEAM)** - A hands-on project-based engineering program allows students to build their own remotely operated underwater vehicle, called Sea Perch. In training sessions with a

JROTC Instructor, students learn to use a variety of tools and equipment, including PVC pipe cutters, wire strippers, soldering irons and multi-meters. The instructor assists the students through all the stages of construction, helping them wire and waterproof their motors, teaching them how to wire the switches and power cables in their control box and assisting them as they troubleshoot their Sea Perch.

1-13. JROTC Co-Curricular Participation Policy

Though participation is encouraged, co-curricular activities participation is voluntary on the part of the individual cadet except for 2 or 3 mandatory co-curricular events throughout the year. The SAI and/or AI serves as the faculty supervisor for these activities. One of the strengths of JROTC is that it allows many students to become involved in school co-curricular activities. This participation builds teamwork, self-esteem, and leadership skills. To remain in good standing on a voluntary team, a cadet must maintain a 2.0 GPA (Grade Point Average) each grading period, cannot have a D or F in JROTC, or an F in any subject. Cadets who do not meet the above criteria will be suspended from all voluntary team activities temporarily. The cadet's suspension is not a punishment. The cadet will have the chance to bring up his or her grades. Once they have done so, they will be able to resume training with the team if he or she chooses. If the cadet has all passing grades at mid-nine weeks and their grades are above 2.0, they may resume team practice and competition. ISS/OSS may result in a 1-week or longer suspension from all team activities. Finally, if a cadet has an unexcused absence from school, they will not be able to participate in any JROTC co-curricular activities during that entire day.

1-14. Military Ball

All members of the JROTC are strongly encouraged to attend our annual military ball. This is a formal military dinner planned and executed by the Cadet Battalion Staff and it is typically held at the end of the Fall Semester or the beginning of the Spring Semester. After the formal dinner, and other military traditional ceremonies like the fallen comrade and punch bowl ceremony, and a presentation by our Guest Speaker there is a semi-formal dance for all cadets and/or parents and instructors, allowing the cadets to relax and have fun. There is a charge to attend the military ball that is offset by cadet fundraising efforts throughout the year. Cadets must be in good standing in JROTC to attend and must be in compliance with the co-curricular participation policy above. See Appendix E. for more details on planning, coordinating and executing the military ball.

1-15. Mandatory Co-Curricular Events

a. Parade.

All members of the Titan Battalion must participate in one mandatory annual parade per Cadet Command Regulation 145-2, such as the Naples Martin Luther King JR. Parade or Naples Christmas Parade. Cadets may be given parade credit at the discretion of the JROTC Instructors for a pass in review associated with the annual Titan Battalion Change of Command Ceremony. Since the parade event is mandatory, cadets will receive a grade for attending. Cadets will also receive the JROTC Parade Ribbon for their participation in a parade within the community. See Appendix D. for more details on planning, coordinating and executing the parade.

b. Titan Battalion Change of Command

The Titan Battalion Change of Command Ceremony is a mandatory graded event that takes place at the end of every school year. It is a formal military ceremony that formally passes responsibility from the current school year's Titan Battalion Commander to the cadet selected to be the next year's Titan Battalion Commander.

The Cadets will be military uniform in company formation and may march in a pass in review at the end of the ceremony. This pass in review may substitute for the parade requirement above. The Titan Battalion Annual Awards Ceremony is the final mandatory graded event for every cadet and likely will be scheduled after school on the same evening as the Titan Battalion Change of Command so Parents /Guardians Family and Friends of the Cadets may attend. It is highly recommended that the annual awards ceremony take place immediately following the annual Titan Battalion Change of Command. This event and / or the Annual Titan Battalion Change of Command will normally be the last official Uniform Day of the school year. See Appendix B-4. for more details on planning, coordinating and executing the Titan Battalion Annual Awards Ceremony.

Chapter 3. Managing Daily Cadet Activities (Pledge and Flag Detail) (BN XO & CSM)

3-1. Pledge of Allegiance Management

The Golden Gate Titan Battalion is in charge of the Pledge of Allegiance every morning. The BN XO is responsible to make sure there is a cadet everyday ready to recite the pledge. The BN XO is responsible to create a monthly schedule with a designated cadet to go on each day. Below you will find an example on how to plan and prepare the schedule for the pledge.

a. Preparing Monthly Pledge Schedule

- In order to create the monthly schedule, you must request an updated copy of the attendance roster form the S-1. Below you can see what the roster looks like.

Vs/Va/IP	Charlie Company Student	Student ID	Grade Level	Attendance P/A					Grade			Birth Day	Remarks	Attendance Key

- Then you will open up a word document and choose a calendar template. Make sure it is a Basic Calendar templet that can be easily read. Example of a calendar template below:

- Once you have chosen the template you will then go down the attendance roster and assign a cadet to a date, they will say the pledge. An example of the final product should look like:

4) When creating the calendar ensure you check the school's calendar for any holidays or any days there is no school to avoid scheduling a cadet on a non-school day.

5) Once you have checked the calendar you send it out to the company commanders a week prior to the new month. This way they can inform their cadets know when it's their designated to say the pledge.

6) You will also print out a paper copy to display it the Bulletin case that is located in the JROTC hallway. You must update the bulletin case every month.

b. Execution:

1) Cadets are to show up to the JROTC room to meet with the BN XO on their designated day no later than 7:05 am.

2) The BN XO will then go to the Attendance and Discipline office. In the case the BN XO is not present the BN S-3 will ensure this task is completed to standard.

3) Before anything, the cadet and BN XO must Check in using the Kiosk that is located on the desk near the ISS room. Cadets are to check in so their 1st period teacher does not mark them as "absent".

4) You will then proceed and move to where the phone is at and the instructions are posted on the desk where the phone is. Below is an example of what the paper looks like:

The Pledge of Allegiance

Good Morning! This is _____ from the Titan JROTC Battalion,
Please stand for the pledge.

(Pause 3 second)

I Pledge allegiance to the flag.
of the United States of America,

- 5) You will make sure the cadet practice out loud and be sure to correct them when necessary.
- 6) Once you have finished you will check out from the kiosk machine and print out a pass to head back to class.
- 7) If a cadet cannot show up any other person from leadership must fill in for the cadet who did not show up.
- 8) You must keep track of which cadet shows up and who does not and give credit to the alternate cadet an example of a spreadsheet is below:

The screenshot shows a Microsoft Excel spreadsheet with columns labeled A through J. The columns represent the following data fields:

3-2. Daily Flag Detail

The BN CSM manages and trains the daily Flag Detail. The National, State and GGHS School Flags are raised at the beginning of the School Day, and lowered and folded at the end of the School Day. Depending on whether or not the SAI and AI have a 1st or 7th Period Class, will determine whether a specific company is selected (A Company in the morning and E Company in the afternoon), or a rotating Flag Detail is established to raise and lower the flags daily. The CSM will manage the schedule for Flag Detail either way and ensure it gets done every day (unless there is inclement weather). The CSM will coordinate with the S2 and the SAI or AI for determination of inclement weather restrictions and to verify if the Flags are to be flown at Half Staff. Specific Instructions on the Procedures for executing the Daily Flag Detail are found in Appendix F. Titan Battalion Flag Detail.

Chapter 4. Command and Staff Call Meetings (BN XO, & BN Staff, COs, 1SGs, CO XOs)

As the Titan Battalion has Command and Staff every two weeks on Monday's. Command and staff are where all company leadership (Company CO'S. XO'S, 1SG's) and the battalion staff comes together and share upcoming information or events that will occur. The Battalion XO is responsible in organizing the command and staff meetings below are instructions on how to prepare and Execute:

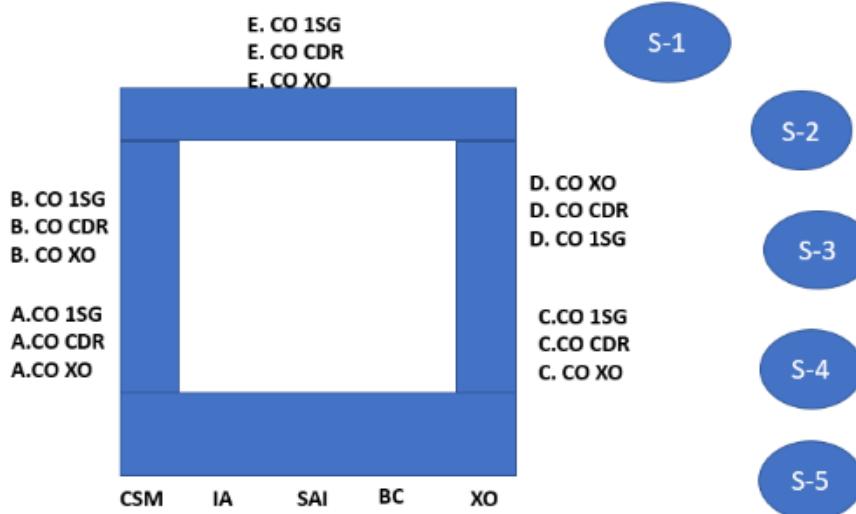

4.1 Preparing.

- a. Set up Command and Staff slides on a Google Slides template. We use Google slides because it efficiently allows the staff primaries to work on their slides at the same time. The link to the command and staff slides will be located in the reference section for the future BN XO.
- b. Ensure that you share the slides with SAI/IA and the battalion Staff, ensure that everyone can edit this document.
- c. S-2 should get the ISS reports at the end of the day from ISS teacher he/she will take the attendance roster.
- d. The Staff primaries have a week to complete these slides. Give the staff primaries a due date of when all slides must be updated. Example of due date: All slides are due by 6:00pm on Friday.
- e. This gives the BN XO, BC and CSM to review the slides and fix any minor mistakes.

4-2. Executing

- a. The last few minutes of class Echo Company will help set up the classroom for command and staff see below to see how the classroom should be arranged.

Command and Staff Set up FRONT OF THE CLASSROOM

- b. Command and staff will begin @2:15pm and should last approximately 30 minutes.
- c. Battalion XO will take role of each company and staff primary.
- d. If a person is absent from a company take note and make sure to communicate with them to know why they were absent.
- e. At the end of the briefing once SAI stands up everyone stands up and salutes and says "TITANS HOOAH".
- f. Once briefing ends make sure all desks and chairs are put back in their places.

Chapter 5. Cadet Records, Awards, Promotions, Portfolios, and Admin (S1 Procedures)

5-1. Gathering Cadet Information

When a student enrolls in JROTC there are several pieces of information that must be gathered in order to enter the cadet into the JROTC Unit Management System (JUMS). The BN S1 is primary responsible for ensuring that all cadet personnel information is maintained in JUMS to include Awards, Promotions, Duty Positions. Hard copy records are also maintained of required forms and other cadet personnel documents that are used in a Cadet's Portfolio. Below are the annual requirements that the S1 must ensure every cadet does:

- a. At the beginning of the year and when a new cadet enters the program, establish a separate File Folder for each cadet in the S1 file cabinet. File labels can be printed using JUMS. At the beginning of each school year, the S1 will place the folders of inactive cadets in the inactive section of the S1 file cabinet to be retained for 4 years; purge inactive files over 4 years old, and remove obsolete documents from the folders of active cadets. Each folder will have the cadet's last name placed in the upper left-hand corner. The folders will be placed in alphabetical order.
- b. Every cadet must fill out the cadet record information sheets and release forms that are provided at the beginning of the year with the Course Syllabus and return them to the S1 for filing in each cadet's hard copy file folder.
- c. Every student must fill out and have their parents or legal guardian sign their Privacy Act and Health Statements. These statements are generated out of JUMS and, once signed will be maintained in the cadet, file folder.
- d. Copies of cadet personnel records will be placed in the cadet's file folder by the S1 throughout the year to include but not limited to Cadet Award Orders, Promotion Orders, and Copies of External Awards the cadet receives. A copy of these documents can be made for the individual cadet for placement in their Cadet Portfolio.

5-2. Inputting Cadet Information into JUMS

At the end of each school year, the incoming S1 should receive orientation and training on JUMS from the outgoing S1 and the instructors. At the beginning of the school year new incoming cadet information must be entered into JUMS. Instructors are the only ones that can actually enter new cadets into JUMS but the S1 assists the SAI/AI in this process. New cadet information is entered in two ways:

- a. Inputting Cadet Information by Batch Action
 - 1) Using the instructions from the current JUMS User Guide from the JUMS or Army JROTC Website, new incoming cadet information should be entered into JUMS by batch action.
 - 2) The S1 or SAI/AI will download the Cadet Import Template File, an Excel spreadsheet from JUMS.
 - 3) THE SAI/AI will provide new incoming cadet info from the school FOCUS system as soon as class lists are released by administration and will download cadet info needed for the Cadet Import Template File and provide it to the S1.
 - 4) Using the information provided by the instructors, the S1 will fill out all 14 required fields in the Cadet Import Template. The required fields are last name, first name, birth month, birth year, gender, race, student type, attending different school, class period, grade, LET, enrollment date, expected graduation month, and expected graduation year.

5) To ensure Proper formatting of the Cadet Import Spreadsheet in JUMS, the drop-down menus on the columns that have then must be used.

- 6) In the Cadet ID # Field the S1 will input the cadet's student # from FOCUS.
- 7) The S1 will add the cadet's company, A-E and HQ based upon cadet class period in consultation with the SAI/AI
- 8) Once the S1 has completed filling out the Cadet Import Excel File they will save it and e-mail it to the SAI/AI for final review and import into JUMS.
- 9) The S1 will review all cadet information imported into JUMS for accuracy.

b. Entering Cadet Information Manually into JUMS. Throughout the year, the S1 will assist the AI/SAI in updating cadet information that changes. New cadets will be entered by the SAI/AI as new cadets enter the program at the start of the year but the S1 can assist in updating information such as changing class periods or company.

5-3. Awards

Cadet awards are one of the primary functions of the S1. The goal for awards is to present them to cadets as soon as possible after they have been earned. Cadet awards are entered into JUMS automatically when and award is associated with a JROTC Event in JUMS and the event is completed by the SAI/AI. Awards are also entered manually by the S1 when directed by the SAI/AI using the JUMS User Guide instructions either individually or by batch action. Batch actions should be used when multiple cadets are receiving the same award. As much as possible awards should be associated with JROTC events by the S3. Every year the SAI/AI will set-up award criteria in JUMS, for example, how many award credits are required to get a Color Guard Ribbon. See Appendix B for current GGHS JROTC Awards Criteria. Once awards are created in JRUMS, the S1 will:

- a. Print the Awards orders out of JUMS
- b. Submit Award Orders to SAI and AI for approval signature
- c. Make a copy of all signed award orders and place copy in the individual cadet file folder.
- d. Distribute original Award Orders to individual companies for presentation in next upcoming Award Ceremony.
- e. Provide the S4 with the list of cadets receiving awards and the number of the award each cadet will receive so the S4 can ensure enough award ribbons are on hand to present to the cadets.
- f. Coordinate with the SAI/AI to determine when the awards are to be presented. Awards will normally be presented as soon as possible after they are earned either during the weekly uniform inspection. At a minimum, Award ceremonies will be done at the end of each quarter during a Uniform Day.
- g. The S1 will coordinate with Company XOs to ensure they understand who is getting awards in their company and the proper procedures for presenting them.

5-4. Promotions

Promotions are very important to many cadets, and morale can be adversely affected if promotions are not processed in a timely manner. When cadets are selected for promotion either by a promotion board or by the SAI/AI, the S1 will produce promotion orders in JUMS either individually or by batch action (for multiple cadets being promoted to the same rank) using procedures in the JUMS User Guide. The S1 will follow the same general procedure as with awards above, printing the award orders, getting them signed by the SAI and AI, filing them, and distributing them to the companies for presentation.

5-5. Cadet Portfolios

Cadet portfolios contain an organized collection of work based on a cadet's accomplishments, personality, goals and aspirations. Cadet Portfolios will be maintained in the JROTC SMART Cadet Portal and in hard copy if desired by the cadet. The portfolio provides insight and information on a cadet's personal achievements and growth over time. It is a cadet's responsibility is to maintain their portfolio in a high state of readiness since it is an inspected and graded item. Cadet Portfolios are inspected periodically by the cadet's company chain of command, as well as the CSM and S1.. The S1s primary role is to assist cadets that may need cadet records printed out of JUMS for entry into their Cadet Portfolio.

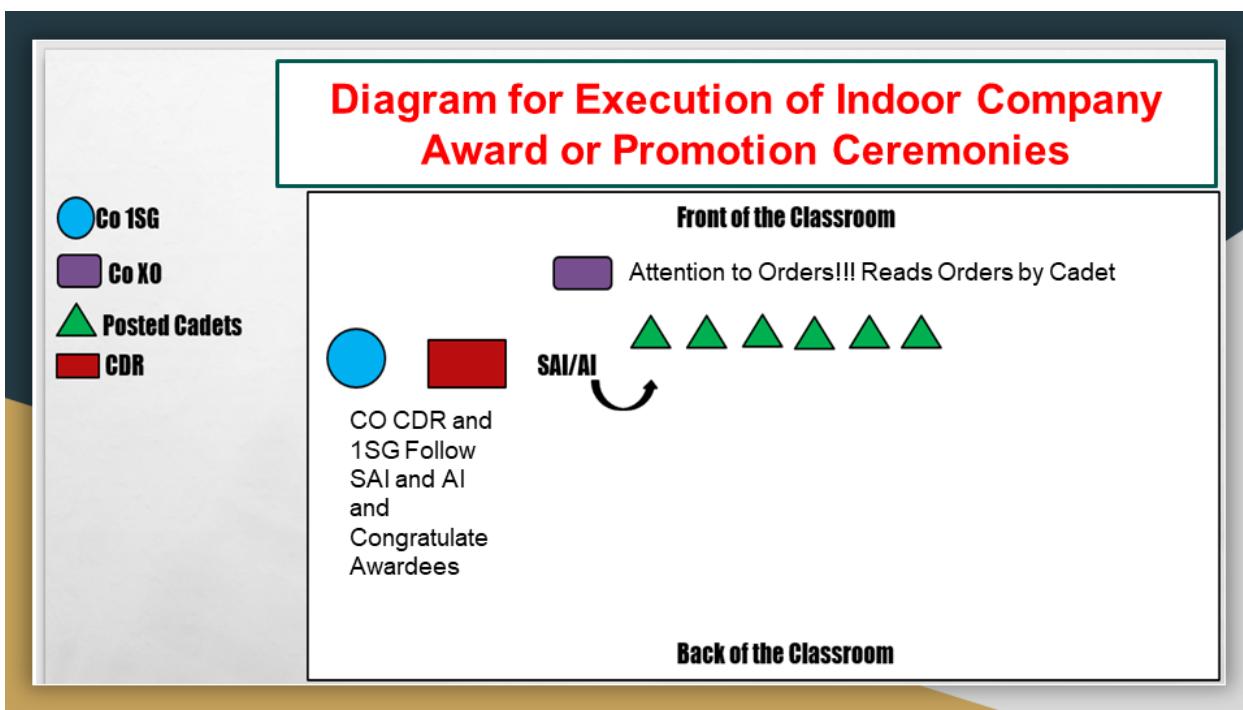

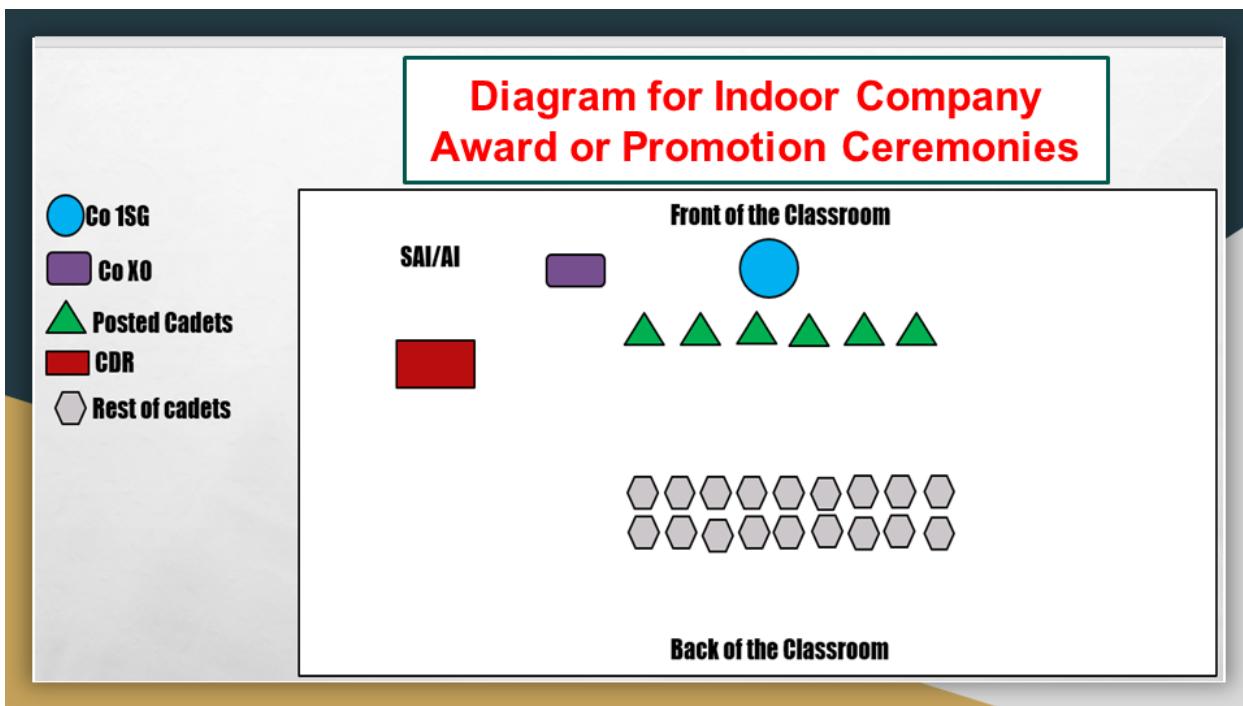

5-6. Awards Ceremonies

If possible, awards ceremonies should be done outside in Company Formation. When weather precludes an outdoor ceremony, the classroom will be used. The only difference is that cadets will stand behind their desks in the indoor ceremony and not in formation. Cadets being awarded will always post to the front of the formation (classroom), facing the formation (class), in order from left to right with the highest-level award to the left, or in alphabetical order by last name. There will be a power point presentation at the beginning of the school year, before the first award ceremony takes place. The S-1 will show it to company leadership, so they understand what steps to take when executing a classroom award ceremony. The following procedures will be used:

- a. During Uniform Inspection, the CO XO will get awards ready.
- b. The CO XO will let SAI/AI know that the company is ready to execute the award ceremony.
- c. Company 1SG will call Attention and have cadets post.
- d. Th SAI followed by the AI, The CO CDR and 1SG will come forward to present the awards.
- e. The XO will call "Attention to Orders."
- f. The XO will read the following award citation once.

"The listed awards are presented in recognition of Cadet participation, superior performance, and achievement in attaining award requirements. Awards are indicative of a Cadet's demonstrated ability to accomplish goals, achievement of excellence and recognize Cadet's untiring efforts and dedication to personal development, learning, and teamwork. This achievement reflects great credit upon yourself, the school, US Army Cadet Command, and the Junior Reserve Officer Training Corps."

- g. After the citation has been read, the XO will say the first and last name of the first cadet and what award(s) are they going to receive. Once the SAI shake hands with the cadet being awarded and steps in front of the next cadet, the name and award(s) for that cadet are read.
- h. This process continues until all cadets are presented their awards. The SAI/AI will make a few comments and tell the awardees to fall back into the formation. The SAI/AI will give the formation back to the CO CDR
- i. **Note: If the XO is out then next most senior person will read the awards being presented**
- j. Below are diagrams depicting and Indoor Promotion Ceremony set-up and Execution.

5-7. Creating/ Managing and Updating Weekly Roster

The S1 is responsible for creating a weekly attendance and grade roster in an Excel spreadsheet for use by the company leaders and instructors. In addition, new cadets come into the program from time to time while other cadets leave the program or transfer to other class periods and the S1 must keep track of them. The company leadership will annotate the weekly roster with any changes so the S1 can make the required updates in JUMS. Company leadership must gather information needed for new cadets, write it

at the end of their company roster, and the S1 in coordination with the SAI/AI will ensure the new cadet information is entered into JUMS. The S1 will then update the weekly roster for the next school week.

a. To add a new cadet to the weekly roster, the S1 will do the following:

1) Make sure you know where to place the new cadet in the roster. The roster should be in alphabetical order by last name. Look for the letter that goes after the letter of the last name you are adding and select that name. (The one you are moving one column down)

5-8. Inactive Cadet Records

Hard copy records to include critical documents from the cadet's portfolio (PSM, Winning Colors) will be maintained in the inactive cadet's folder in the S1 filing cabinet inactive files section.

Chapter 6. (S-2) Procedures

6-1. Primary hand receipts

Hand receipts must be updated when:

- a. Transferring any equipment from one storage unit to the other.
- b. On-the spot corrections within the hand receipt need to be made.
- c. Equipment is damaged and will be turn-ed in.

6-2. Weather Report

Most of our operations will happen in and around the Southwest Florida region and due to the nature of the changing weather conditions weekly and sometimes daily analysis of these changes must be monitored and planned for. As such the Battalion weather report is an important resource for all leaders to use.

- a. Weather report needs to be posted in the front of the classroom on the first day of the week and will be updated as necessary.
- b. Immediately notify the S-3 and BN XO if any issues arise that will affect battalion operations and be prepared to provide constant updated until operations return to normal.
- c. Coordinate with the S-5 to send out updates and ensure all posted information is updated.

6-3. ISS Reports

ISS reports will be run for each Command and Staff Call

- a. Create a report based on the cadets who were sent to ISS (In school suspension).
- b. Make a list with their names.

- c. Inform the CSM and the cadet's chain of command of the behavior so it can be addressed with the Cadet and he/she can understand how this affects their leadership potential.
- d. Update any Merit/Demerit list as needed.
- e. For command and staff meetings, make sure to balance the information to ensure an up-to-date report.

6-4. Daily Inspections

- a. Prior to 1st class period.
 - 1) Check to ensure all doors (Classroom, Offices and Storage) are locked.
 - 2) Sign necessary inspection check sheets at opening of day.
 - 3) Turn on equipment charging stations (S-2/S-4 Locker)
 - 4) Check seals on Arms room weapons cases.
 - 5) Check to ensure all seals (color guard weapons cases and door seals) are intact.
 - 6) Lock up any areas you've entered and go to class.
- b. Periodic Daily Checks
 - 1) Coordinate with company leadership to ensure:
 - i) All classroom doors remain locked.
 - ii) Any deficiencies found will be immediately reported to the instructors and to the S-2 shop.
- c. After School
 - 1) Turn off all the equipment's charging stations.
 - 2) Check for any missing or signed out equipment.
 - 3) Lock the door and report your exit to the instructors.

6-5. Monthly Inspections

This is a **REQUIREMENT** and cannot be waived by anyone.

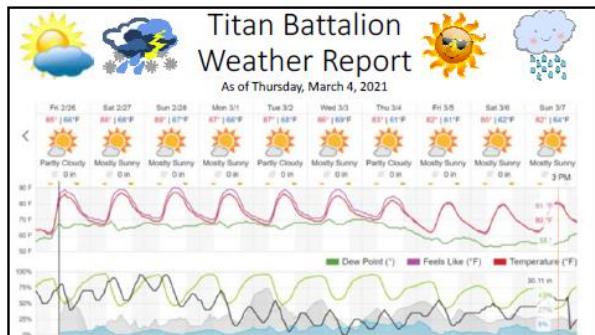

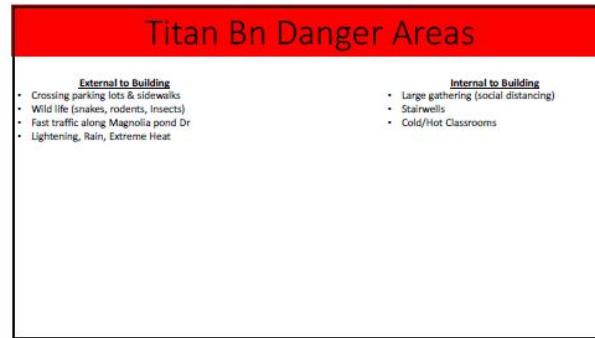

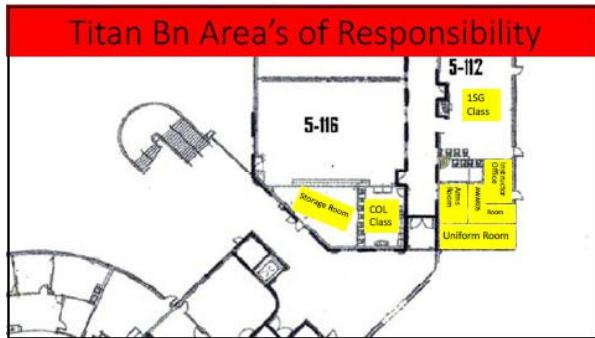

- a. Between the 1st and 5th day of the month determine an afternoon when you can commit two to three hours to verifying every piece of equipment assigned to the battalion. This is a lengthy process due to the requirement of explicit attention to detail and accuracy.
- b. Use the official Cadet Command issued hand receipt and battalion equipment checklist to verify the documented serial number against the serial number on the piece of equipment and mark the amount the items on hand.
- c. If equipment is determined to be missing immediately inform both instructors as well as the BC; they might know where the equipment is, or they can help solve this problem.
- d. Once all efforts (search / investigation) have been expended to find the equipment complete the necessary loss documentation to ensure the hand receipt can be updated.

6-6. On/Off Campus Events

- a. Create a checklist of any equipment being used during the event.
- b. Ensure any equipment that is handed out is signed for by the person receiving the equipment.
- c. Account for all equipment prior to releasing any Cadets.
- d. If any equipment is missing release all Cadets except those who were responsible for the equipment to complete a thorough search.
- e. Once all efforts (search / investigation) have been expended to find the equipment complete the necessary loss documentation to ensure the hand receipt can be updated.

6-7. Threat Analysis

- a. One of the primary duties of the S-2 is to determine and evaluate any possible threats to regular Battalion operations and special events.
- b. A threat is defined as any person, group, condition or circumstance that will alter the mission in any way.
- c. The S-2 must be resourceful in gathering relevant data to determine the impact of the threat on our operations. Some relevant data could be:
 - a. Local news
 - b. Weather reports
 - c. Specific safety hazards to the immediate area. (Wildlife, poisonous plants etc.)
- d. Update and assist the S-3 in developing plans to minimize the impact of the threats on the plan.

Chapter 7. Operations and Training Management (S-3 Procedures)

7-1. Physical Training Days

As the Battalion Operations Officer, part of your job is creating Physical Training Day Schedule following the steps bellow:

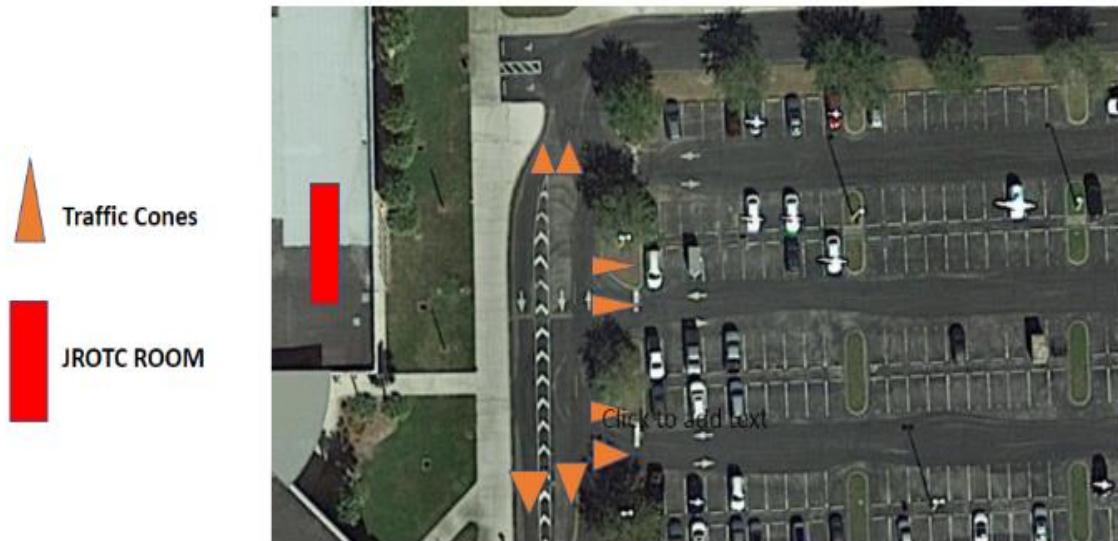

- a. How do we come up with a PT plan? To come up with a PT plan we start off with a couple of steps.
 - 1) What part of the body do you base it on? Example: we want to target PT on the Lower body, we base it off on the thighs, legs, and calf's
 - 2) Come up with some exercises that go with the Lower body.
 - 3) Examples: Lunges, squats, High knees, Mountain Climbers, Running etc.
 - 4) we come up with a timeline to see how much time we have for every company. Each company has 45 minutes, and they get 5 extra minutes to change and 10 minutes to change out and that leaves us with 30 minutes of a warmup and the exercises.
 - 5) We try to fit at least 1 warm up in 5 minutes and 4-6 exercises in 20-30 min. We would at least do 1 exercise for 3-5 minutes each.
- b. As the Battalion S3 you must be well prepared and have a backup physical training plan ready to execute if weather changes. We work with our alternatives Example: EMOMs (every minute on the minute) this PT is indoors. 5 exercise's (pushups, sit-ups, burpees, squats, jumping jacks).

PT Schedule		
Body Part	warm up	Exercises
Arms	5 min run	Push-ups, Bear crawls, Diamond Push-ups, Planks, Pull-ups
Legs	5 min stretch	1 Mile, Tire Flips, Burpees
Calfs	2 laps around soccer field	Running, High knees
Abs	15 min step ups	Sit-ups, Left knee touch, Right knee touch, Leg kicks
Thighs	5 min race	Lunges, Step-ups, Jump squats
Behind	5 min stretch	Wall sits, Squats, Lunges

7-2. Drill and Ceremony Days

As the Battalion S3 one of your duties is to ensure on the days we have drill and ceremony all equipment that will be needed that day is prepared. You will also ensure the company 1SG'S and Company commanders know what they are doing.

- a. You must prepare to have all equipment ready for the next morning. For drill and ceremony days you will need to gather 10 traffic cones. You can get these cones in the Equipment room. You need these cones to put out in the front of the parking lot in front of the JROTC room, these cones will help keep our cadets from an incoming car.
- b. Below is an example of how the cones should be set up on drill and ceremony days.

a.

- c. The company 1SG and commander should follow the CSM'S drill and ceremony day training schedule. This schedule will be created from the S-3 and CSM. In this schedule there are drill and ceremony commands the company 1SG must properly teach the company. Below is an example of what the training Schedule looks like.

Drill and Ceremony Training Schedule

Chapter 9. Public Affairs Officer (S-5 Procedures)

9-1. Website Management

Website link: <https://www.collierschools.com/domain/1954>

a. Have pictures and videos of past events that had taken place recently with a short overview of what happened/what took place by the end of the school year. There can be a link to the JROTC social media or other applications of the posts about such events.

b. Approval is needed for any changes made on the website. Have it approved by the XO first, who will then get it approved by the SAI (Senior Army Instructor)/AI (Army Instructor.)

c. The Battalion website must be updated at least once a semester, preferably the end of the year with new information. Old information is to be thrown out.

d. The website is required to be updated at least once or twice a year. There should not be any information that does not correspond with the present.

e. The S-5 and S-5 assistant are fully responsible for the website, if not in excepted conditions by the end of the year then it will not be considered updated.

9-2. Newsletters

a. Before anything official takes place, have a template ready to show the BC and the instructors for approval or any changes that needs to happen.

b. What is shown must portray our battalion in the best, positive way possible.

c. There must not be any mistakes or misworded material. Make sure it is all correct.

d. Discuss our battalion's vision and make any adjustments needed. Remember, once able to publish anything it all goes to the public.

- e. When approval is given, contact the head of the school's newsletters for further actions.
- f. Newsletters for the battalion must be published at least once a year. More is persuaded, but not required.

9-3. Social Media

Social media is a major part of JROTC, referring to a series of applications where content is made and shared with others through networking. We inform cadets, parents, and others about what our battalion is currently doing, what upcoming events are going to take place, and how well we are performing. The S-5 must involve themselves in social media, it is one of the key components of their duties and responsibilities. Some of the platforms used are Instagram, Twitter and YouTube. Tasks and limits include, but are not limited to the following:

- a. Set an exact posting schedule based on the day of the week. Ex: From Monday through Thursday not later than 6pm, and from Friday to Sunday no later than 8pm.
- b. Update pictures and videos of events. Make sure each big event has been posted about at least once for the current school year.
- c. All that is posted must be neat, JROTC-related, and appropriate. No disorganized posts, no irrelevant content, and no inappropriate material.
- d. Have ideas for social media approved by the BC, XO, or CSM which will then be obtain permission from the SAI/AI, before planning to act. No approval means no change. Once permission is obtained, the S-5 may proceed with their idea. For security purposes, certain applications must be private. For further information on why the JROTC social media must be private get a hold of the BC, CSM, & XO.
- e. The battalion's social media must be active every so often, once every three or four months preferably. There should be many recent posts of the current school year by the end of it. Social media is not a once-a-year thing.
- f. For security purposes, certain applications must be private. For further information on why the JROTC social media must be private get a hold of the BC, CSM, & XO.
- g. The battalion's social media must be active every so often, once every three or four months preferably. There should be many recent posts of the current school year by the end of it. Social media is not a once-a-year thing.

9-4. Video Management

The Public Affairs Officer is responsible for video editing and publication. One of the videos that needs to be created is the recruitment video for the upcoming Freshmen. The following are the steps on where and how the video is created:

- a. Decide on an application to use that can edit videos. iMovie and Adobe Premiere are highly recommended.
- b. Gather video clips and pictures of all the important events that have taken place throughout the whole year and sort them out into categories.

c. Once they are sorted into different categories plan out the order you would like them to be in. For example, uniform inspection and PT in the beginning and fun events at the end of the recruitment video.

d. You should have a clear idea of how the video should be, so now start with the introduction. It should be quick and simple with a title of what the video is.

e. Now start combining all your pictures, videos, and introductions together and make it all into one video. There should be a clear description of what's happening in the video clips and pictures.

f. Finally, upload your work to a certain place that is safe to trust on not deleting the video.

The video should be understanding and not confusing. Once the video has been edited, make any final adjustments then show the Instructors and BC for approval. When approval is given, you may continue with the video to post it or do anything necessary for further actions.

9-5. Yearbook Preparations

By the end of the school year, a yearbook will be published that includes many school activities, events, and more. JROTC is a part of it which means there is a specific order and way the section is to be placed. The following describes the process of how the S-5 prepares the pictures for the yearbook and what pictures go on them:

a. A visual of the format is created so there is some type of view on how the JROTC section is to be placed. The visual would include major events in the battalion and express them in the way intended. Some examples would be introducing the BC, XO, and CSM on the first page, showing all the teams there are, and including fun activities/events that took place throughout the year. Having a visual is one out of the two ways to prepare for the yearbook.

b. Another way to prepare for the yearbook is to pick out specific pictures of each major subject that is going to be represented. In advance, there would be an overview of what exact pictures are going to make it into the yearbook. For example, the S-5 would pick out drill practice and drill competition photos that express the team in the best way possible on the drill section of the yearbook.

c. The pictures that go on the yearbook would be major events/activities that took place, like drill, raiders, fundraising, JLAB, and more. The top priority is to have major things included and then some other things can be published. The S-5 would have taken all the photos that are expected to be on the yearbook, so everything is prepared.

d. Once all the above is finished the S-5 should go further onto speaking to the instructors and Battalion Executive Officer about the yearbook for their approval. Eventually, he/she will have contact with the person in charge of the yearbook to make all decisions and/or edits finalized to be published on the yearbook.

9-6. Yearbook

a. There should be a variety of pictures in each main category of JROTC ready, for example Drill, JCLC, STEM, Raiders, Military Ball, and MLK parade.

b. Approval must be given for the pictures before anything happens. Must be approved by the Battalion Commander and the SAI/AI.

- c. Set up a meeting with the yearbook editors in charge of the JROTC portion of the yearbook at least once a year.
- d. Make sure you are clear on what our battalion is looking for as far as school publicity.
- e. If granted permission by the instructors, set a meeting weekly or maybe every two weeks with new ideas for the yearbook page.
- f. Everything must look smooth and neat; nothing disorganized.

9-7. Company Public Affairs Officers

- a. Company Public Officers should be taking pictures every time their company takes part in an event.
- b. Cadets planning on becoming a Publicity Officer must meet these requirements:
 - 1) Attends JROTC most of the time, about 3 days out of 5 for a regular school week.
 - 2) Owns a device that works properly and is available for use when needed. Ex: Pie fundraiser, PT, MLK Parade, Uniform Inspections, Company Award Ceremonies,
 - 3) Schedule weekly meetings with all your company PAO's.
- c. At these company PAO meetings, you should be making everything you are looking for in them clear. For Example:
 - 1) How many pictures are you looking for a week?
 - 2) How often will they send you pictures?
 - 3) Advice on how to take good pictures/videos.
 - 4) You could take this time to get their input on any upcoming events.
 - 5) You can also answer any other questions they may have related to JROTC.

9-8. Bulletin Boards

Both the S-5 primary and the S-5 assistant must work on creating a blueprint of what they may want on the outside and inside classroom bulletin boards.

- a. This blueprint should include the following:
 - 1) All board Measurements
 - 2) Color scheme
 - 3) Overall price of materials needed.
 - 4) The estimated time it will take to achieve your vision.
- b. A good example and format: https://collierschools-my.sharepoint.com/:w/p/356061/EcRue5W8LFZOh3SRRxwUgKABXx_DG3BSXhEBm1rW768lw?e=o1xOjB; https://collierschools-my.sharepoint.com/:u/p/356061/EemKm-3e_rZPgPBLpnshPgUB_QdjV7ako3_S6H9B7-2hDw?e=PDMkjH
- c. Show the BC and your instructors your ideas and make any necessary adjustments. You will need their approval before starting your vision.
- d. Once all is approved make sure to fill out any paperwork if you plan to pay for any of it, so you are insured for reimbursement.

e. When you have done all this you and your assistant may begin the process of decorating the bulletin boards.

f. The bulletin boards must be well-organized and relating to what is currently happening; no sloppy, careless work.

9-9. Events

Examples of events are parking details, MLK Parade, Vision Screenings, Military Ball, fundraisers, and others.

a. The S-5 must pick two of their company PAO's to attend the upcoming event if additional cadets are needed.

b. Those PAO's chosen should be taking pictures on their phones, or they may utilize one of our battalion cameras after permission is given by the S-5.

c. The S-5 could also substitute as a PAO as well as the S5 assistant.

d. As the S-5 you should be working with the S-3 by letting them know how many PAO's are going to be present and making sure to give them their names.

e. Once the event is over you PAO's should send you the pictures and any videos they took. You get to choose a specific date by which they will have to send them.

f. As the S5 you are expected to write a summary of what took place during the event and how our Battalion contributed. This summary must include a collage of photos that will be posted on our battalion social media, or other applications once approved by the big three.

Chapter 10. Drill and Ceremonies (CSM)

10-1. Color Guard

Consists of five people. Four primaries and one alternate. Each person of the CG must know every position including commands. Alternates must know each position, in order to qualify.

a. Color Guard will be picked two weeks prior to the event by the Command Sergeant Major when informed by the Operation Officer.

b. In the two weeks of the CG being informed of the event they will get assigned their positions

c. Uniforms will be inspected 2 days before the actual event to ensure the cadets are prepared and equipped.

d. CG equipment will be sanitized and neatly placed inside their casings and stored at the ready for the event no one is to use this equipment after it has been sanitized and inspected.

e. A week before the CG event the team will sit down with CSM and the OP Officer to discuss and design a plan which will help the CG execute an exceptional performance in addition to be cautious with objects around the area.

10-2. Squad and Platoon Drill - TBP

10-3. Internal Company Drill Competition - TBP

10-3. Drill Team - TBP

Chapter 11. Promotion and Demotion System (CSM)

11-1. Promotion Board Criteria

- a. Cadets will be considered for promotion at promotion boards every nine weeks (Once Per Quarter) (dates will be published on the training calendar).
- b. Promotions are based upon your academic and leadership achievement, participation in non-mandatory JROTC co-curricular activities and teams, recommendation by your chain of command, and approval by the SAI/AI. Participation and effort in fundraising activities, not the amount raised by an individual, is considered as part of support to the battalion and can be used as an evaluative criterion when being considered for promotion.
- c. Your rank is also related to your duty position. In other words, if you are selected for a leadership position, you are more likely to be promoted to a rank commensurate with that duty position.
- d. With approval of the SAI or AI, if you are assigned to a leadership position which requires a higher rank, you may be frocked (temporarily promoted) to the minimum required rank for that position. Your rank will be validated at the next promotion board or a separate promotion validation board.

11-2. Promotion Board Test

Promotions require a written or an online test. You must receive at least an 80% on the promotion board test for a particular rank to be promoted to that rank. The Promotion Study Guide is published separately by the CSM and will be updated regularly. It is your responsibility to study and prepare for promotion tests. See Appendix I. for requirements for each JROTC Rank.

Chapter 12 Uniform Days / Uniform Inspections (CSM)

12-1. Class A / Class B Uniforms / Inspections

- a. All Cadets will normally wear the Class B uniform on the uniform inspection days. The Cadet leadership is responsible for ensuring all Cadets are aware of the proper uniform wear for the week.
- b. The Staff will wear Class A on uniform days unless told differently by the Battalion Executive Officer.
- c. Cadets will be graded on uniform days using the Uniform Inspection Rubric located in Appendix H. Uniform inspections should also include asking the cadets JROTC general knowledge questions. The Promotion Board Study Guide and JROTC Curriculum that the cadets

have already been taught can be used by cadet leaders to ask 1-3 questions of each cadet that may be incorporated into their uniform inspection grade.

d. Cadet leaders (CO CDR, CO XO, 1SG) will be inspected by a senior cadet or commander not a cadet from their own company. This will be coordinated by the BC and BN staff and may take place during lunch. Grades must be updated on the weekly attendance and grade roster before the end of the day so the SAI and AI can enter grades.

e. Uniform grades will be used to determine the winners of the JROTC Personal Appearance Ribbon Awarded to Cadets who average 95% or above on uniform inspections throughout the year.

f. Cadet Leaders will perform ungraded uniform inspections anytime cadets are in Class B or A uniform for JROTC events.

12-2. Wear of the Army Combat Uniform (ACU or OCP)

The Raider and Orienteering Team members may wear the Army Combat Uniform (ACU or OCP) during the RAIDER and Orienteering season during practices and on the Friday before a weekend competition. The Team Captains, through the SAI/AI, will coordinate this well in advance. They will still wear their Class A's or Class B's on uniform day that week. **Cadets will not wear the ACU or OCP Uniform or any part of the uniform at any other time on campus or off campus.**

12-3. Uniform Regulations / Guidance

JROTC Cadets will follow all uniform regulations to include, Cadet Command Regulation 145-2 and Army Regulation 670-1. Additional guidance on JROTC uniform wear, grooming, haircuts, and wear of jewelry is provided in Appendix G.

Chapter 13 Cadet Portfolios

a. JROTC cadets will create a portfolio that contains an organized collection of work, based on accomplishments, personal skills, goals and aspirations. The portfolio should provide insight and information on the cadet's personal achievements and growth over the years. The goal of the cadet portfolio is evidence of reflection on learning and growth.

b. Cadets will upload required documents, JROTC classwork and evidence of their achievements in their personal online Cadet Portfolio in the JROTC Smart Cadet Portal. Cadets may be required to maintain certain documents in hard copy in a binder located in the classroom as directed by the SAI or AI. Cadet Portfolio checklists are provided in Cadet Command Regulation 145-8-3. This regulation is being revised so refer to the current regulation for the most updated cadet portfolio checklists.

c. Cadet Company Leaders and the Battalion CSM will conduct periodic inspections of Cadet Portfolios to ensure they are being maintained. **Cadet Portfolios will be inspected during JPA inspections.**

d. Cadet Portfolios will be maintained during a Cadet's entire high school career. Cadets that have left the program and may return will have their portfolios saved. Portfolios may be taken home by graduating seniors and should be taken by cadets transferring to other schools.

2020-2040 HRS: GROG CEREMONY

CSM STAYS WITH THE GROG BOWL AND ASSISTS WITH POURING, STIRRING, AND INTERACTING DURING THE GROG BOWL CEREMONY.

AI: "FORMAL MILITARY DINNERS ARE A TRADITION IN ALL BRANCHES OF THE UNITED STATES ARMED SERVICES. IN THE AIR FORCE AND NAVY, IT IS THE DINING-IN; IN THE ARMY, THE MILITARY BALL; IN THE MARINE CORPS AND COAST GUARD, MESS NIGHT.

AS WITH MOST ANCIENT TRADITIONS, THE ORIGIN OF THE DINING-IN IS NOT CLEAR.

FORMAL DINNERS ARE ROOTED IN ANTIQUITY. FROM PRE-CHRIST ROMAN LEGIONS, TO SECOND CENTURY VIKING WARLORDS, TO KING ARTHUR'S KNIGHTS IN THE SIXTH CENTURY, FEASTS TO HONOR MILITARY VICTORIES AND INDIVIDUAL AND UNIT ACHIEVEMENTS HAVE BEEN A CUSTOM.

THE MILITARY BALL HAS SERVED THE ARMY WELL AS AN OCCASION FOR SOLDIERS TO MEET SOCIALLY AT A FORMAL MILITARY FUNCTION. IT ENHANCES THE ESPRIT DE CORPS OF UNITS, LIGHTENS THE LOAD OF DEMANDING DAY-TO-DAY WORK, GIVES THE COMMANDER AN OPPORTUNITY TO MEET SOCIALLY WITH HIS/HER CADETS, AND ENABLES LEADERS OF ALL RANKS TO CREATE BONDS OF FRIENDSHIP AND BETTER WORKING RELATIONS THROUGH AN ATMOSPHERE OF GOOD FELLOWSHIP.

ONE OF THE MOST TRADITIONAL PARTS HAS BEEN THE "GROG BOWL." THE HISTORY OF THE "GROG BOWL" HAS BECOME OBSCURED WITH TIME. IT IS THOUGHT THAT DURING THE YEARS OF THE WESTWARD EXPANSION, CAVALRY TROOPERS WOULD SHARE THEIR SPIRITS WITH ONE ANOTHER THEREBY ENSURING THAT ALL FELLOW TROOPERS HAD SOMETHING. THE SPIRITS USUALLY CONSISTED OF WHAT EVER AN INDIVIDUAL TROOPER'S TASTE WAS, AND THAT, WHEN MIXED WITH OTHER DRINKS, CREATED A POWERFUL DRINK KNOWN AS "GROG".

TODAY'S "GROG" CEREMONY IS MORE SYMBOLIC. IT ENCOMPASSES THE AGE OLD CUSTOM OF SHARING WITH THE HISTORY OF A UNIT. SINCE ITS INCEPTION, "GROG" HAS BECOME ENTRENCHED AS A GLORIOUS TRADITION AND IS ENJOYED BY ALL. IT HAS BEEN A LONG TIME SINCE WE HAVE PARTAKEN IN SUCH AN AFFAIR AND ABLE TO DRINK THE "GROG". IT IS A SUBSTANTIVE BREW OF PROVEN MEDICINAL VALUE. IT WILL CURE WHAT AILS YOU, OR ENSURE THAT YOU JUST SIMPLY DON'T CARE.

WE CARRY IT WITH US IN OUR CANTEENS TO WARD OFF THE SOUTHWEST FLORIDA COLD FRONTS. IN A PINCH, IT IS A SUFFICIENT WATER PROOFER FOR OUR EQUIPMENT AND HAS PROVEN TO BE SUPER EFFECTIVE AS BUG REPELLANT, LUBRICANT AND STEAK SAUCE, WITH THAT IN MIND HERE IS OUR GOLDEN GATE HIGH SCHOOL TITAN ARMY JROTC PUNCH BOWL CEREMONY."

(GROG CONTRIBUTORS MOVE TO GROG BOWL AND RECEIVE THE MIKE AND THEIR INGREDIENT FROM THE CSM AND SPEAK AT THE GROG TABLE)

F-4. BELOW IS SOME GENERAL ADDITION GUIDANCE PERTAINING TO FLAG DETAIL

a. <https://www.youtube.com/watch?v=ZJUZQL6KsDU>
<https://www.youtube.com/watch?v=xnlgeABzbag>

b. Generally, the flag detail consists of one NCOIC, two halyard pullers, and two to eight flag handlers. The purpose of the flag handlers is to ensure correct folding (unfolding) of the flag and to ensure that the flag does not touch the ground. Two flag handlers are needed when raising or lowering the storm flag; six handlers, for the post (medium) flag; and eight handlers, for the garrison (large) flag.

Members of the flag detail are equipped according to local standing operating procedure and letter of instructions. During the ceremony, the NCOIC inconspicuously gives the necessary commands or directives to ensure proper performance by the flag detail. On windy days, the NCOIC may assist the flag handlers to secure or fold the flag.

c. Reveille is the signal for the start of the official duty day. Because the time for the start of the duty day varies, the commander designates the specified time for reveille. If the commander desires, a reveille ceremony may accompany the raising of the flag. This ceremony takes place in the vicinity of the base flagstaff and is held after sunrise. In the unit area, reveille is normally held, using the line formation. This formation is used when a reveille ceremony is not held at the base flagstaff.

d. When practical, a detail consisting of an NCO and two junior enlisted hoists the flag. This detail should be armed with sidearms (if the special equipment of the guard includes sidearms).

e. The detail is formed in line with the NCO carrying the flag in the center. The detail is then marched to the flagstaff and halted, and the flag is attached to the halyards. The flag is always raised and lowered from the leeward side of the flagstaff. The two junior enlisted attend the halyards, taking a position facing the staff to hoist the flag without entangling the halyards. The NCO continues to hold the flag until it is hoisted clear of the grasp, taking particular care that no portion of the flag touches the ground. When the flag is clear of the grasp, the NCO comes to attention and executes present arms.

f. On the last note of the music or after the flag has been hoisted to the staff head, all members of the detail execute order arms on command of the senior member. The halyards are then secured to the cleat of the staff or, if appropriate, the flag is lowered to half-staff and the halyard secured. The detail is formed again and march.

Appendix J: Honor Company Requirements and Scoring

J-1. Purpose: To establish the program and system for designating an Honor Company at the end of the year.

J-2. Procedure:

a. Designation of an HONOR COMPANY at the end of each school year will be based on accomplishments of the unit and individuals within the unit. Listed below are the unit and individual subject areas which will be evaluated every year. Points will be assigned/deducted for successes and failures in the areas as a minimum:

1) **Average Merits / Demerits Per Cadet** (OSS and ISS will be counted as 5 Demerits for each occurrence). (i.e.. 125 Merits – 75 Demerits = 50 / 25 Cadets = 2.0 Points)

2) **SMART Cadet Portfolio Completion** expressed as percent of Cadets with 100% of required documents uploaded in their SMART Cadet Portfolio multiplied by a weighting factor of 5 or more. (i.e. .85 x 5 = 4.25 Points)

3) **Uniform Inspection** expressed as average grade for all cadets in CO for entire year expressed as Grade divided by 20 (i.e.. 95% / 20 = 4.75 Points)

4) **JPA or Practice JPA Inspection Participation** expressed as percent of Cadets that actually participated in either JPA CIP Brief, SLP Brief, Color Guard, Drill Evaluations, and / or Cadet Portfolio Inspection multiplied by a weighting factor of 5 or more. Cadets can be counted more than once if they participated in more than one JPA Inspection Event (i.e. .112 x 5 = 5.6 Points)

5) **Fund Raising** expressed as average amount of money raised per Cadet with Companies ranked 5 to 1 with 5 being the most raised per cadet or 0 if no money raised (i.e.. B CO raised more per cadet than any other Company, they get 5 Points, A CO raised no money, they get 0 Points).

6) **Color Guard** expressed as the grade the CO attains for the Annual CO Color Guard Competition divided by 20 and multiplied by a factor giving smaller companies a higher score (i.e.. 90% / 20 = 4.5 (1 - class size percentage (14.67%))= 3.84 Points).

7) **Unarmed Platoon** expressed as the grade the CO attains for the Annual CO Platoon Drill Competition divided by 20 and multiplied by a factor giving larger companies a higher score (i.e.. 90% / 20 = 4.5 (1 + class size percentage (18.67%))= 3.84 Points). This also makes Unarmed Platoon a slightly higher overall grade than Color Guard.

8) **JROTC Team Participation** expressed as percent of Cadets that actually participated in a Co-Curricular JROTC Team including but not limited to Drill, Color Guard, Raider, JLAB, Sea Perch, multiplied by a weighting factor of 5 or more. Cadets can be counted more than once if they participated in more than one team (i.e. .162 x 5 = 8.1 Points).

9) **Average GPA (Weighted)** expressed as the average weighted GPA of all cadets in the Company on a 4.0 Scale.

b. The **Total** of all scores will be added up to determine the HONOR COMPANY for the School Year. The average Points per cadet will also be calculated for possible further recognition of cadets or Companies that have the most cadet participation despite not necessarily getting the highest overall score.

c. Below are additional categories of accomplishments that may be added to the HONOR COMPANY Scoring as determined by the Cadet Staff and approved by the SAI / AI each year:

1) **Military Ball Participation** expressed as percent of Cadets that actually attend the Military Ball multiplied by a weighting factor of 5 or more.

2) **Event Participation** expressed as the total number of events attended by Cadet ranked from 5 Points to 1 Point with 5 Points for the Company with the most events and 1 Point for the Company with the lowest number of events.

3) **Community Support Hours** expressed as average hours per Cadet divided by 20 (i.e.. 44 hours / 20 = 2.2 Points).

4) **Cadet Challenge** expressed as average cadet challenge score % for the company divided by 100 (i.e.. 350% / 100 = 3.5 Points) (at least 90% of eligible cadets must participate and complete all 5 events)

J-3. Honor Company Streamer. A Guidon Streamer depicting the HONOR COMPANY will be ceremoniously placed on the winning Company's Guidon at the End of Year Award Ceremony and will remain on the Guidon for the next School Year until the next year's End of Year Award Ceremony. The streamer will read "HONOR COMPANY."

J-4 Honor Company Ribbon, The Honor Company Ribbon (N 3-13) will be awarded to all HONOR COMPANY Cadets in good standing. The HONOR COMPANY Commander and 1SG may also be recognized at the JROTC End of Year Awards Ceremony with additional awards.

J-5. Responsibilities:

a. The Battalion Executive Officer has overall supervisory responsibility for the execution of this program.

b. Staff Officers and Company Commanders are responsible for providing data and statistics within their own area of responsibility to the Battalion Executive Officer to enable him or her to formulate and complete the information to be placed on the appropriate Score Spreadsheet / Charts. Below is an Example of a completed HONOR COMPANY Score Sheet with the appropriate calculations. See SAI or AI for the Excel Spreadsheet.
